Through our approach, the Trust offers expertise in and delivers support across school improvement, finance, legal, HR, governance, IT, estates, Health & Safety and communications functions. This frees-up time and capacity for schools to focus on what matters most – ensuring students receive a high-quality education and are safe and happy to reach their full potential.

- b) Ensure pupils understand British values, including democracy, the rule of law, and develop tolerance of those of different faiths and beliefs.

This document does not lay out every legal responsibility of WMAT Board or every activity in the remit of individuals or bodies; rather it is concerned with the core activities that are carried out within each area of delivery and how they are coordinated between the various decision makers. The overriding legal assumption which sits behind this work is that all schools within the Trust are governed by a single board and WMAT Board remains accountable for all functions.

The Trust Board is the legally accountable body; however, all Trustees are committed to the principle that effective delegation of many of its functions is at the heart of strong governance.

The purpose of this Scheme of Delegation is to provide clarity on the roles, responsibilities and authority of those who contribute to the governance and oversight of WMAT:

- a) All academies are part of a company limited by guarantee and an exempt charity, WMAT, which is regulated by the Department for Education. WMAT was incorporated in on 2nd August 2016.
- b) The Trust is a multi-academy trust capable of operating and maintaining a number of academy schools. All schools are held within one legal entity, WMAT.
- c) The Trust has a Master Funding Agreement with the Department for Education, a Supplemental Funding Agreement for each individual school (WHTC has an approved sponsor agreement dated 22nd October 2014). WMAT is therefore the legal governing body for every school. The Trust Board has ultimate responsibility for fulfilling all statutory responsibilities and holds ultimate legal liability.
- d) The Trust's constitution and its charitable objective is set out in its Memorandum and Articles of Association.

TRUST STRUCTURES ARE SET AS FOLLOWS:

1.2.1 Members

Main Responsibilities

The members of WMAT Trust are the guardians of governance of the Trust. They have a limited but distinct role. The key responsibilities of the Members are to:

- a) Sign the Memorandum and Amendment of Articles of Association.
- b) Ensure the Objects of the Trust are met.
- c) Appoint and remove Members and Trustees (notwithstanding any powers delegated by the Members to the Trust Board to make such appointments and removals).
- d) Ensure that appropriate procedures are in place for the recruitment of Member Appointed Trustees.
- e) Member Register of Interests are completed and are kept under regular review.
- f) Determine the name of the Trust.
- g) Appoint and remove the auditors.
- h) Receive a copy of the Annual Accounts and Report at a General Meeting of the Trust.
- i) Ensure the success of the Trust, i.e. that WMAT's charitable objective, 'advancing education for the public benefit', is being met.
- j) Dissolve the company.

Appointment and Composition of Members

The Members of WMAT Trust will comprise:

- a) the signatories to the Memorandum (until such time as they cease to be a Member)
- b) any person appointed under Article 15A of the WMAT Articles of Association.

The minimum number of Members shall not be less than three.

Restrictions

An employee of the WMAT cannot be a Member.

1.2.2 The Trust Board and Trustees

Main Responsibilities

The Board of Trustees manages the business of WMAT and may exercise all the powers of the Trust. Trustees have overall responsibility and ultimate decision-making authority for all the work of the Trust.

Trustees should focus on the core strategic functions:

- Ensuring there is clarity of vision, ethos and strategic direction across the Trust and its schools.
- Holding executive leaders to account for the educational performance of the schools and its pupils, and the performance management of staff.
- Overseeing the financial performance of the organisation and ensuring money is well spent.

Trustees are expected to apply the highest standards of governance and take full ownership of their duties. They are both Charity Trustees and Company Directors of WMAT.

Under Charity Law, Trustees must:

- a) Ensure the charity is carrying out its purposes for the public benefit;
- b) Comply with the charity's governing document and the law;
- c) Act in the charity's best interests;
- d) Manage the charity's resources responsibly;
- e) Act with reasonable care and skill; and
- f) Ensure the charity is accountable.

Under Company Law, Directors must:

- a) Promote the success of the company;
- b) Exercise independent judgment;
- c) Exercise reasonable care, skill and diligence;
- d) Avoid conflicts of interest;
- e) Not to accept benefits from third parties; and
- f) Declare any interest in proposed transactions or arrangements.

In addition to the Full BoT meetings, Committees meet to carry out specific functions of the Board. The Trust works through the following established Committees:

1. Finance, Audit and Resources Committee (FAR)
2. Pay Committee (PC)
3. Curriculum and Standards Committee (CSC)
4. Local Governing Boards (LGBs) – *non-executive bodies supporting the Trust Board*
5. Ad hoc Committees: Admissions, Disciplinary, Complaints, TSH

Each Committee will elect a Chair from amongst its number. The Chair of any Committee established at 'Trust level' must be a Trustee

Appointment and Composition of Trustee Board

The number of Trustees shall be not less than three or more than 12.
Up to 8 Trustees may be appointed by Members.

Length of Appointment: The term of office for any Trustee is four years.

Restrictions

The Trustees may not co-opt an employee of the WMAT as a Co-opted Trustee if the number of Trustees who are employees will exceed one third of the total number of Trustees.

1.2.3 Chair of the Board of Trustees

Main Responsibilities

The Chair has an important role in leading the business of the Trust. Whilst the Chair does not have individual power (except in an emergency), the Chair acts as a fulcrum between the Trust Board and the Executive.

Appointment of the Chair

The Chair will be elected by Trustees.

Restrictions

The Chair cannot be a Member or an employee.

The Chair cannot Chair the Finance, Audit & Risk Committee, as outlined in the Academy Trust Handbook.

1.2.4 Local Governing Boards

The Local Governing Board is central to the focus on the school's values and ethos. They provide continuity of care to the school and, as such, are a powerful advocate for their school's needs within the WMAT family of schools. They provide a vital link for stakeholder views from within the school and their wider school community.

Main Responsibilities

The Local Governing Board is a non-executive body supporting the Trust Board to deliver its responsibilities. Each school within the Trust will be represented by a Local Governing Board.

Local Governing Boards are expected to:

- Provide input into individual improvement school plans and monitor progress against these
- Monitor the data for achievement, BA and PD to drive improvement
- Monitor alignment of school processes and reporting with the Trust's overall strategy and policies
- Embed WMAT ethos and values.

Local Governing Boards will at times make requests for particular budgets and projects. Their remit is encapsulated in a focus on the 'three Ss': standards, safeguarding and stakeholders.

Each Local Governing Board is responsible for localised challenge and support but with no legal liability or final approval of policies or core documents (unless delegated under Part 3). They are expected to lead on local stakeholder engagement (students, staff, parents, community).

WMAT believes that this model allows for strategic board decision-making and focused local governance. This ensures that Trustees and Advisors work together to support meaningful improvement across the Trust and - as Advisors spend less time on policies and paperwork - it means that they can spend more time understanding the specific needs of their school and adapt their activities accordingly.

Appointment and Composition of the Local Governing Board and Restrictions:

See of *Terms of Reference*.

PART 1.3: COMMITMENT TO A PERFORMANCE AND RISK-BASED APPROACH TO DELEGATION

WMAT believes that delegation of functions and levels of delegation should relate to the performance and risk associated with the delegation. High performing schools, with strong and stable leadership, should have the higher levels of delegation.

Accordingly, the *Decision and Responsibility Matrix* set out in Part 3 sets out standard delegations. Schools that are performing well and with normal levels of risk will receive the standard delegation. If schools are not performing as well, or are considered higher risk, they will have reduced delegation in specified areas to reflect their current situation. They will also receive greater support and challenge by the WMAT Team.

The Board will determine the appropriate levels of delegation for each Committee or post holder.

The Board will make its decisions based upon any or all of the following:

- External evaluations:
 - of educational performance (such as Ofsted, externally available data such as the IDSR, School Performance Tables).
 - of financial performance (such as financial management reports, audit reports, financial processes reports or DfE reports).
 - of operational management (such as Health & Safety inspections and external audits).
- Information available within the academy Trust, such as student achievement, financial monitoring, staffing information, etc.
